

LTL AND TL TRANSPORTATION MANAGEMENT SERVICES

Hundreds of carriers but only one you.

When it comes to matching your LTL/TL shipping characteristics with the services of a select few carriers, size matters. Finding the right solution at the right cost requires a 3PL partner with an expansive carrier network and unmatched purchasing power.

That's why many companies choose iDrive Supply Chain Solutions. iDrive leverages more than 30 million square feet of warehousing space and millions of units of freight every day to bring preferred pricing to our LTL and TL clients. Because of our size, shipping volume and strong relationships with the largest LTL and TL carriers, you will pay less on shipping.

Expertise with better rates. Better decisions with actionable business intelligence.

Our customized LTL and TL solutions include extending our pre-negotiated rates to you or optimizing your current agreement. Your assigned, dedicated transportation management team manages your pricing contracts as well as pickup, delivery and tracking of every shipment. You'll gain access to our powerful data management and reporting technology that gives you full control of your shipments and enhanced insight into your trucking activity. Numerous carriers—only one iDrive.

More Purchasing Power. Better Rates. Data-Driven Decisions.
